

R2 V3 Conditions, Explained

As an R2 certified refurbisher, we follow strict testing and refurbishing standards. This guarantees the highest quality product and full transparency. Below is a closer look at those standards. Take a look so you know exactly what to expect when you receive your winning lot!

Cosmetic Condition

defined by the R2 V3 REC standard C3-C6

C3 = Used Fair

- Cosmetic blemishes are consistent with wear, including multiple dents, discoloration, and light to heavy scratches
- Damage to latches, hinges, keyboards, etc.
- Some parts, panels, bezels, or covers may be missing

C4 = Used Good

- Cosmetic blemishes include scratches and/or other surface imperfections from consistent use, but equipment is in good condition overall
- Minor wear of labeling may be visible
- Small dents and small areas of discoloration may be present from the removal of tags
- No damage to latches or hinges, no missing parts, panels, bezels or covers

C5 = Used Very Good

- Cosmetic blemishes include minor scratches and/or other surface imperfections from consistent use, but equipment is in good condition
- Minor wear of labeling may be visible
- Minor dents and areas of discoloration from the removal of tags
- No missing parts

C6 = Used Excellent

- Minor cosmetic blemishes have no impact on the system's overall functionality or performance
- Overall excellent cosmetic condition
- May have light scratches or other minor blemishes from normal wear
- Fully cleaned with all non-original labels removed
- No missing parts

Hardware Functional Condition

R2 V3 F4 standard

All hardware is tested & verified working through manual or software tests

No missing or damaged components

Software not loaded or configured

No hardware defects for anything we sell under the F4 classification
